Community sponsorship and participation made the Nor West Co-op Community Health Centre, Inc. possible. Nor West is a community health centre that is operated by a Board of Directors who is elected from the membership at each Annual General Meeting. Although our services are open to members and non-members, we encourage all consumers to take an active interest in this community health centre.

By becoming a member you can do your part in furthering cooperation between consumers and providers of care. You can influence policy in the growth and development of your Community Health Centre. *The Centre and its services are available to everyone.*
